

Join us for South Central Electric's 2011 Member Energy Tour!

The tour is July 20-22. Members will travel by bus to the Beulah, North Dakota area to visit the Antelope Valley Power Plant and Coteau Mine. Members will visit the Dakota Gasification Plant where they can see the process of taking coal and changing it into a gas. A few fun events have been planned including a visit to Knife River Indian Village and an evening river boat cruise on the Missouri River.

The cost of the tour is \$80 per person. The \$80 includes two nights at the hotel, six meals and a cruise on the riverboat. Seats on the bus will be filled on a first-come, first-serve basis. An \$80 per person deposit must accompany the coupon. If you return the coupon and the bus is already filled, your deposit will be returned and your name will be kept on a standby list in case of a cancellation. We only have 25 seats available because we share a bus with Redwood Electric members.

The final tour schedule will not be available until early July.

Registration coupon for the Energy Tour July 20-22

First & last name(s) _____

Address _____

City/zip _____

Location # _____ Phone # _____
