Rebates for Central Air Conditioners and Air Source Heat Pumps

We offer rebates on the following installed High Efficiency units.

| | |
|---|----------|
| "Quality Install" Central AC units 14.5 SEER or greater | \$150.00 |
| "Quality Install" Air-Source Heat Pump units 14.5 SEER or greater | \$350.00 |
| Central AC or Air-Source Heat Pump not installed by quality installation contractor | Call |

"Quality Installed" units are installed by contractors that have completed courses and testing offered by Great River Energy and Xcel Energy as part of their quality install program. Contractors have the rebate forms and must fill them out at time of installation to qualify for South Central Electric quality install rebates.

Area Quality Install Contractors:

This is not a complete list visit http://hvaceducation.net/gre/public_Search_proc.cfm for a complete listing of all Minnesota "quality install" contractors.

|--|--|--|
| Adrian Plumbing & Electrical Adrian, 507-483-2152 | Anytime Comfort Experts St. James, 507-375-3600 | Bruce's Plumbing & Heating St. James, 507-375-4520 |
| Dale Ziegler Heating & AC Odin, 507-840-1178 | Feder Mechanical Madelia, 507-642-3522 | Lamberton Heating & Plum. Lamberton, 507-742-7451 |
| Sanborn Plumbing & Heating Sanborn, 507-648-3273 | St. James Heating & Air St. James, 507-375-8700 | Tri-Town Plumbing & Heating Westbrook, 507-274-5505 |
| Vee Plumbing & Heating Madelia, 507-642-8700 | | |

This is not an endorsement by South Central Electric Association. Contractors listed have completed training and testing in a program promoted by Great River Energy and Xcel Energy. This is only a partial list.

Rebates may be available for Central AC or Air-Source Heat Pumps installed by a non quality install contractor. Please call our St. James office for more information.

Did you install a new furnace?

Furnace units may be equipped with an ECM motor. These would qualify for an additional \$25 if an ECM is installed. Ask your contractor if an ECM motor was installed with your new furnace. You can get more information on our web site under ECM.
